Objective

Enthusiastic and motivated developer with a solid foundation in HTML, CSS, JavaScript, Node.js. Seeking to leverage freelance experience and project portfolio to contribute to a dynamic development team.

Experience

- 2024 - present
Freelance Web Developer
Created and currently maintain website for Dulinagi Cleaning Inc. secured a domain name and set up reliable hosting, ensuring optimal performance and uptime. Utilizing Vercel for deployment, I created a streamlined process for updates, enabling the client to easily make changes and maintain their online presence. The website features an intuitive layout, clear calls to action, and is optimized for both desktop and mobile users
- May 2023 - May 2024
Workers Compensation Paralegal @ Wilson Jones Carter & Baxley
Oversaw and coordinated a workload of more than 20 cases simultaneously, ensuring a 90% on-time rate for case openings. Administered organization of case materials and input data into specialized legal databases, refining efficiency of case management procedures. Conducted consultations between lawyers and clients, contributing to meaningful discourse and nurturing partnership expansion. Synthesized complex deposition and court proceeding information into concise summaries, aiding attorney preparation and strategy.

Education

- 2023 - Present
Devslapes Web Academy
Diploma of Full Stack Web Development
skills in both front-end and back-end development. I gained hands-on experience with technologies such as HTML, CSS, JavaScript, and frameworks like React and Node.js. This program emphasized practical application through project-based learning, allowing me to create responsive web applications.
- 2021 -2023 - Spartanburg, SC
University of South Carolina - Upstate
Bachelors of Political Science
Developed a comprehensive understanding of political theory, international relations, and public policy. My coursework included research methods and data analysis, which equipped me with critical thinking skills essential for analyzing complex political issues. I engaged in various projects that explored the intersection of law and society, preparing me for future roles in legal and advocacy settings.
