SUMMARY

Full Stack Web Developer/Front-end web developer

Enthusiastic full-stack developer with experience in HTML, CSS, JavaScript, React, and Node.js, seeking to leverage freelance and project experience to contribute to a dynamic development team. I have worked with other development teams which has equipped me with a versatile skill set and the ability to adapt to various project requirements. What sets me apart is my commitment to continuous learning and my passion for creating user-friendly applications that solve real-world problems.
